

State of Louisiana  
Licensing Board for Contractors

**RESIDENTIAL CONSTRUCTION CONTRACTOR**

The following list is an outline of the subject areas (in descending order of weight) that will be covered in the exam:

<b>Rough Carpentry</b>	<b>26%</b>
<b>Interior and Exterior Finish</b>	<b>20%</b>
<b>Concrete and Rebar</b>	<b>19%</b>
<b>Associated Trades</b>	<b>10%</b>
<b>Excavation and Site Work</b>	<b>9%</b>
<b>Roofing</b>	<b>6%</b>
<b>Masonry</b>	<b>5%</b>
<b>Plans and Specifications</b>	<b>5%</b>

The examination is made up of 80 multiple-choice questions which are equally weighted. You will have four hours to complete this examination. This is a CLOSED BOOK exam. A calculator will be provided for your use during the examination.

**REFERENCE LIST**

The reference materials listed below should be helpful to candidates in preparing for this examination. This reference list is just a representative sample of the available materials that contain relevant information. There are a number of other books on the market containing similar information. These materials may **NOT** contain all of the information needed to be competent in this trade or to pass the examination. We try to keep this reference list current and consisting of industry-standard materials. However, due to circumstances beyond our control, some of these references may go out of print or be unavailable. Please contact the publisher, a bookstore, a book distributor, or library for these or similar reference materials. If any reference is out of print or unavailable, your local library may be able to obtain these references for your use through the services of Inter-Library Loan.
